The excitement over the explosions on the underground railway last night is very great. A large number of policemen, under special inspectors, were on duty all night at the various railway stations, and guarding the line with a heavy force. The explosion at Charing Cross occurred at a distance of two hundred yards west of the station. There was no train there at the time. The refreshment saloon was wrecked, and the windows of the other rooms in the station were shattered. The explosion occurred immediately under a passing train, forty yards from the station. All the persons injured were in the last two carriages. Twenty-eight persons wounded were taken to St. Mary's Hospital; four of them are scriously hurt, but are expected to recover. The others were able to go to their homes to-night. Both occurred at 6:10 last evening.

G. Groezinger, Yountville, had this year on one small tract the largest yield of grapes we have ever Heard of. It is a triangular piece, containing 4059 vines, off which was picked by correct ecount 69 tons of grapes, reserving 50 vines for family use, and besides also about a ton destroyed by chickens. Seventy tons are 140,000 pounds, which divided by 4059, the number of vines, makes nearly 35 pounds to the vines. We do not know how many acres these particular vines make, but as the range is from 800 to 1000 per acre, and there is probably about 4½ acres, which would make a yield of over 15½ tons per acre. The variety is the Frontignan, and the value of the 4½ acres crop about \$2100.

I wish to give you a statement of the facts, which I think will change the meaning of the pamphlet.

In 1882 Mr. Bauer desired to rent the premises in question for a term of one year, with the privilege of a second, requesting a lease accordingly, and which I refused to give. He then offered me \$10 to make the lease, which I again refused, but offered to do so for \$20, and finally we agreed upon \$15. A lease was then drawn up and submitted to Mr. Bauer for his signature, it being stipulated in said lease that the said Bauer should not let or underlet the whole or any part of the said premises, neither to make any alterations nor improvements on said premises with premises, neither to make any alterations nor improvements on said premises with out my written consent. Mr. Bauer called on the first of each month, and upon my repeated requests to sign said lease refused to comply, stating there was no hurry, he would do so some other time. But in the meantime leases the property for a term of two years, without my knowledge and consent, and not having signed the lease with me. I then brought suit to recover property, with the result Beeswax Lub. Oil, 24° L. as appeared in your issue. He also refused many solicitations of Mr. Ed. Roth to sign said lease, giving the same reply as herein stated. These are the true facts in the case, and I leave the public to form its own evision therefore. its own opinion therefrom.

Mr. B. has never signed the lease nor paid the \$15, which I considered due me for my trouble, never having charged any commission for extra trouble, for guard-

Where to Trade

Is a frequent question daily asked by visitors sojourning in Los Angeles. The residents know well the principles of honest merchandizing that has built up the PEO-PLE'S STORE from a tiny, insignificant shop to a commercial mart of its present size and importance-crowded alike with patrons and merchandize. To you we say the PEOPLE'S STORE is true and tried. It has been weighed in the scale of public confidence and found not wanting. One price, plain figures, and no deviation has made the PEOPLE'S STORE famous as an honest and upright dealing firm.
